

Civil Air Patrol Pilot Training

At this exclusive event we will be covering things you might not learn from the training manuals. Spanning the entire flight regime from Preflight through Landing, including Emergencies, this course greatly expands on the limited content in the Garmin G1000 Pilot Guides. You'll learn about some Garmin pitfalls that pilots have discovered.

NOTE: This event is for Civil Air Patrol Pilots only.

Directions: All training will be conducted at the Asheville CAP Squadron Headquarters Building.
